

## SmartWash 3000 User Manual - Quick Setup

---

### Installation Steps:

1. Place the unit on a flat, stable surface.
2. Ensure the water inlet hose is connected tightly.
3. Plug the machine into a 220V outlet.
4. Do not overload the drum.

### Operating Instructions:

- Power On: Press the "Start" button for 3 seconds.
- Select Program: Rotate the dial to choose washing mode.
- Add Detergent: Use tray compartment 1 for liquid detergent.
